# Law School Score Reports

The Score Reports help prospective students make informed law school application and enrollment decisions using job outcome data. Our collection of geographic, school, and other reports have been designed to home applicants in on schools with observable relationships to specific locations and job types. In essence, our goal is to help prospective students understand which schools, if any, can help them achieve various career objectives. [\[View Methodology\]](#)

## Where do you want to work?

- Select a State Report
- Select a Regional Report
- List All Geo Reports

**Geographic Reports**

Schools place locally, not nationally. Find schools by the states or regions where graduates obtain jobs.

**School Profiles**

Get detailed information about a school's employment outcomes, admissions data, tuition, and projected total costs.

**Other Reports**

Compare all schools on a variety of metrics, such as public service and large firm placement, federal clerkship rates, and costs.

**LST Guides**

Let us help you make informed application and enrollment decisions.

**Score Reports Methodology**

An introduction to LST's Law School Score Reports.
